

# Please help us prevent the spread of infection.

## Daily life

**Wear non-woven masks properly**

**Wash your hands carefully**

**Take your body temperature every morning**

**Frequent ventilation**

## Shopping

**Keep safe distance**

**Cashless**

**Use of delivery**

**For a specific purpose in a short time**

## Eating out

**Use of restaurants with infection prevention measures  
(Short time with usual friends)**

## Work and meetings

**Do not go to work or attend meetings if you are not feeling well**

**Frequent ventilation of the workplace and meeting rooms**

**Avoid talking without a mask**

**Remote meetings**
